

# TOP 5 REASONS

## WHY THE QUATTRO COLLECTION BY HUSSEY SEATING COMPANY IS THE WORLD'S AUDITORIUMS CHAIR OF CHOICE

- 1. Different by Design:** The sleek contemporary furniture-like design of the Quattro Collection can be customized to fit your vision for any audience space. Collections offer a wide variety of distinctive styles each delivering clean lines, fit and finish and the option of no exposed hardware on the foot, making an end panel an aesthetic choice, not a requirement.
- 2. Experience you can trust:** In business for over 183 years, and in the fixed seating market since 1971, Hussey Seating knows how to safely design products that stand the test of time. With an installed base in the millions, customers not only rave about the comfort of the Quattro seat, but also about its quality. We stand behind our products with the industry's best warranty. A lifetime warranty on the stanchions, seat return springs and 5 years on mechanisms and other components.
- 3. Whisper Quiet Operation:** Your patrons will only hear the performance they paid for with Hussey's whisper quiet seat return. We know your audience doesn't want to hear the clang of a seat return and the shuffle of people moving around in their seats. We invested heavily in ergonomic studies and modeling to ensure the Quattro would keep patrons comfortable for any performance regardless of duration from 3 minutes to 3 hours.
- 4. A true partner:** When you buy Hussey products you're buying from local businesses who provide top level service for the lifetime of the product. Plus, with Hussey's extensive Revit files, you can see your venue come to life with a 3D model and a 2D submittal drawing. The exclusive Hussey dealer in your territory is there to develop solutions with you, install your product, as well as service and maintenance as time goes on. With a local partner, you know you'll always be ready for the next performance.
- 5. Continuous Innovation:** Over the past 40 years, Hussey has continually improved its auditorium chair product line and in 2002, it launched the state of the art Quattro Collection of upholstered chairs. The launch of the Quattro Art Series with its decorative wooden backs and seats bottoms in January 2018 is just another example of Hussey Seating's commitment to its products and services. The Quattro Art offering is our most elegant offering with refined aesthetics, natural materials and design customizations that will push your venue into the "exceptional" category.
